

School Profile: O'Keeffe Middle School

Introduction

We are a school committed to providing all students with access to a quality education so they will be college, career and community ready. O'Keeffe students are a reflection of the vibrant, diverse and accepting east side community. As a staff we are committed to working together as a model for the student collaboration that is facilitated in class. We believe that true collaboration among students, staff and community will enhance academic and social engagement.

Strengths

O'Keeffe has a strong history of academic excellence and has always been a leader in our district in terms of performance. It also has a diverse population of students, families and community that aim to support and include all. O'Keeffe staff will continue to develop strong teacher teams to increase our focus on data-driven instruction. We strive to create a fun, culturally relevant community with high rigor and expectations so that all students are college and career ready.

Progress

In 2015-2016, O'Keeffe focused on creating structures to increase collaboration between staff, students and community. We increased student voice by establishing ways to engage in academic discussion or "Tiger Talk." We are continually working to build a safe community for all to thrive by partnering with our families and community.

Areas for Growth

O'Keeffe will continue to be a place where growth and success for all students is a reality. We will use our data to reflect on and develop instruction so that all students are engaged and thriving. The work around collaboration will be deepened for staff and students, and there will be a concentrated effort on engaging our families and community in this process as well.

Vision Connection

Our school supports MMSD's vision that all students can acquire the skills and abilities needed to be successful including a mastery of content areas, growth mindset, self-knowledge, creativity, wellness, interpersonal skills, confidence, cultural competence and community connection. Through these skills and abilities, our students will graduate from MMSD college, career and community ready.

2015-2016 Data Profile

Demographics

Strategic Framework Goal #1 Milestones: On-Track to Graduate

Each bar shows the percent of students meeting the relevant metric overall and for the focus groups the school selected on their School Improvement Plan (SIP, when applicable).

MAP includes Grades 6-8. MAP Growth is based on the percent of students meeting typical Fall to Spring growth targets.

Strategic Framework Goal #2 Milestones: Challenging and Well-Rounded Education

Each bar shows the percent of students meeting the relevant metric overall and for SIP focus groups (when applicable). "No Goal" within bar indicates that the school chose not to set a goal for this metric (schools choose only one goal-setting metric for Goal #2).

Participation rates are based on transcribed courses.

Strategic Framework Goal #3 Milestones: Positive Climate

The table below shows the percent of responses within each dimension and group that were positive.
